```

Intro:  E

Verse 1:

```
E                         C#msus
    I'm not a perfect person

                                        E
There are many things I wish I didn't do

              C#msus
But I continue learning

                              Asus2
I never meant to do those things to you

                        Bsus
and so I have to say before I go

                        E
that I just want you to know
```

Chorus 1:

```
                  C#msus                    Asus2
I've found a reason for me, to change who I used to be

                    Bsus                E
a reason to start over new, and the reason is you
```

Verse 2:

```
            C#msus
I'm sorry that I hurt you

                            E
It's something I must live with everyday

            C#msus
and all the pain I put you through

                        Asus2
I wish that I could take it all away

                        Bsus
and be the one who catches all your tears

                        E
thats why I need you to hear
```

```
Chorus 2:
                             C#msus                          Asus2
I've found a reason for me, to change who I used to be

                             Bsus                  Dsus2
a reason to start over new, and the reason is you

Bridge:

             Esus
and the reason is you

             Dsus2
and the reason is you

             Esus
and the reason is you

Verse 3:

E                           C#msus
     I'm not a perfect person

                                    Asus2
I never meant to do those things to you

                              Bsus
and so I have to say before I go

                              E
that I just want you to know

Chorus 3:
                             C#msus                          Asus2
I've found a reason for me, to change who I used to be

                   Bsus                      E
a reason to start over new, and the reason is you

                   C#msus
I've found a reason to show

                   Asus2
a side of me you didn't know

                   Bsus
a reason for all that I do

                   E
and the reason is you
