Touch A New Day - Lena D Take a break now, turn it around Em G Put my mind in a jamoree Never felt that feeling that I can fell When you're near to me God knows I've never given more Em Than I do do do today, 'cause I Give it back what you're giving to me And there's a lot coming your way Cause I can touch a new Day Em Just by playing in a new play I have got some brand new thoughts Em And you will be a part in all these I like the smell of fresh hay I wont stop right now to inhale Α I have got some brand new flavours Going in and out of my mind Straight in from a lousy time Em I took off on a cloudy day Not knowing that a little climb Could turn it in another way It appears as a matter of fact
